

Scientific Programme Overview

Times shown are Central European Time (eg 15:00 Paris = 14:00 London, 09:00 Washington DC, 06:00 San Francisco, 23:00 Sydney)

WEDNESDAY 18 NOVEMBER

Osteogenesis Imperfecta

15:00-16:00

Clinical care in osteogenesis imperfecta

Argerie Tsimicalis (*Montreal, Canada*)

The impact of osteogenesis imperfecta

Bente Langdahl (*Aarhus, Denmark*)

Bisphosphonates in osteogenesis imperfecta: evidence and gaps in knowledge

16:00-17:00

Oral communications

17:00-18:30

Workshop: Patient involvement in research + Poster sessions and networking

18:30-19:00

Osteogenesis imperfecta basic science

Ken Kozloff (*Ann Arbor, USA*)

Effect of sclerostin inhibition in osteogenesis imperfecta mouse models

19:00-20:00

Meet the expert sessions

Claire Hill (*Sheffield, UK*)

Osteogenesis imperfecta outcome measures

Charlotte Phillips (*Columbia, USA*)

Muscle-bone unit in osteogenesis imperfecta mouse models

THURSDAY 19 NOVEMBER

Other Genetic Causes of Bone Fragility

15:00-16:00

Genetic causes of osteoporosis

Outi Mäkitie (*Helsinki, Finland*)

Monogenic osteoporosis

Brent Richards (*Montreal, Canada*)

Polygenic osteoporosis

16:00-17:00

Oral communications

17:00-18:30

Poster sessions and networking

18:30-19:00

Bone fragility basic science

Ernesto Canalis (*Farmington, USA*)

NOTCH signalling and bone fragility

19:00-20:00

Meet the expert sessions

Amaka Offiah (*Sheffield, UK*)

Bone fragility findings through various imaging modalities

Katarzyna Piróg (*Newcastle upon Tyne, UK*)

Altered intracellular homeostasis in cartilage and bone disorders

FRIDAY 20 NOVEMBER

Secondary Osteoporosis

15:00-16:00

Osteoporosis in serious conditions

Madhu Misra (*Boston, USA*)

Management of impaired bone health in children and adolescents with eating disorders

Leanne Ward (*Ottawa, Canada*)

Fractures in Duchenne muscular dystrophy

16:00-17:00

Oral communications

17:00-18:30

Poster sessions and networking

18:30-19:30

Clinical conundrums (osteogenesis imperfecta and other disorders)

Clinical case discussions

19:30-20:00

Management of secondary osteoporosis

David Weber (*Philadelphia, USA*)

Management of secondary osteoporosis in children
